It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

| Other | | 10,100 | |
| Totals | \$160,712,475 | \$106,116,950 | \$93,091,600 |

Eight agreements of consolidation between railroad and bridge companies have been filed during the year; the authorized capital of eight new consolidated companies aggregating \$59,615,000, as compared with the \$48,547,000 capital of seven companies formed by consolidation in 1886. One hundred and thirteen companies have increased their aggregate capital stock from \$61,072,775 to \$158,376,750, as compared with an increase from \$20,792,375 to \$57,576,000 by 58 companies in 1886. Eight companies, as compared with 12 in 1886, have reduced their capital stock. The names of 24 corporations have been changed during the year, as compared with 14 in 1886. Forty miscellaneous certificates have been filed, as compared with 15 in 1886. Five hundred

and eighty seven certificates of subscription have been filed, as compared with 385 in 1886. Fourteen railway equipment contracts have been filed, as compared with 11 in 1886. In short, the corporation business of the office has been fully one-third larger than ever before, and may be taken as a clear indication of the earnest business effort of our people during the past year. The popularity of corporate enterprises in Ohio is also shown, almost every class of corporations being represented in the list for 1887. While there has been an increase in the number of almost every kind of corporation, the most noticeable increase has been in the number of gas companies, most of them natural gas companies. In 1883 but 8 of these companies were formed; in 1884 but 10, among them the Findlay Natural Gas Company. This company was the pioneer company in the discovery of natural gas in Northwestern Ohio. It drilled in its first well in December, 1884, and the discovery was followed by the incorporation of a large number of gas companies throughout the state. In 1885, 37 were formed, as compared with 10 during the previous year; 89 such companies were organized in 1886; whilst during 1887, 183 gas companies, with an aggregate capital of \$12,788,575, have been incorporated. The increase in building and loan associations is also noteworthy, the number incorporated in 1887 being 84, with an aggregate capital of \$53,731,000, as compared with 62 companies with an aggregate capital of \$35,292,000 incorporated in 1886. Two hundred and fifty-seven manufacturing corporations have been organized during the year, as compared with 205 in 1886. But these manufacturing corporations have as a rule been small as compared with those formed in 1886, the aggregate capital stock of the 205 corporations organized during the latter year exceeding that of the 257 incorporated during the past year by \$8,249,000. The increase in the number of colleges, literary societies, churches, political, benevolent, social and mutual societies, and corporations of a miscellaneous character incorporated, is likewise remarkable, and evidences the popular appreciation of corporate privileges in Ohio. For a wealthy commercial state like Ohio the number of banks and savings institutions organized each year is small, the number in 1883, 1884, 1885, 1886 and 1887 being but 11, 10, 2, 6 and 11 respectively. This is due to no lack of riches or want of business enterprise among our people, but is owing solely to the need of a proper law, conferring corporate banking privileges free from harsh restrictions.

FORMATION OF BANKING CORPORATIONS.

Articles of incorporation are constantly being presented at this department, of banking corporations, which parties propose to form

under sections 3235 and 3236 of the Revised Statutes. These sections permit the formation of corporations for any lawful purpose, except dealing in real estate and carrying on professional business, and if banking corporations can be organized thereunder, such corporations would be practically free from all governmental inspection or other restriction, being placed on the same footing as manufacturing and other corporations. Whilst the language of these sections is undoubtedly broad enough to allow of the creation of almost any kind of corporation under the same, I have nevertheless had doubts as to whether banking corporations could be organized under their provisions, owing to the fact that the General Assembly has made special provision for the creation of corporations authorized to carry on the business of free banking, taken in connection with the decision of the Supreme Court in *The State vs. Stock Company*, 38 Ohio State, 347. These doubts have been strengthened by a recent opinion of the Attorney-General, in which he declines to approve the articles of incorporation of a bank proposed to be formed under sections 3235 and 3236 aforesaid. In this opinion he says:

"It is well understood that the business of banking, in a commercial sense, authorizes the exercise of and includes other powers than that of issuing notes to circulate as money, such as receiving deposits, loaning money, etc. And while the phrase 'banking powers' has been held to have the restricted meaning, namely, the power to issue notes to circulate as money, or in other words, a bank of issue, nevertheless the business of banking in the commercial sense referred to, such as the right to receive deposits, discount paper, make loans, deal in exchange, etc., has been specially provided for by legislation in this state. In short, the formation of banking companies, exercising the powers and transacting the business which this company proposes to exercise and engage in, is provided for by special statutes, to wit: the act of 1851, entitled 'An act to authorize free banking.' Section 1 of that act provides 'that any number of natural persons, not less than three, may engage in the business of banking, with all the rights, privileges and powers conferred by and subject to the restrictions of this act.' The certificate to be made in such cases, where to be deposited, capital stock, per cent. to be paid in, who may vote at elections, eligibility of officers, and liability of stockholders, are matters carefully and minutely set forth in that act, as well as the prohibition not to circulate evidences of debt as money. Another act found upon the subject of banking is that relating to savings and loan associations (sections 3797-3821, Revised Statutes), in which the organization of such banks, their powers and duties are minutely and carefully set forth. The nature of the business of banking, the large amount of capital frequently employed, and the trusts necessarily imposed are such, that it seems to have been the settled policy of the state, from an early period, not to permit the formation of banking corporations to be carried on under general laws, but to make special provision for banking corporations dealing in money, making loans, and having the custody in the aggregate of large sums of money. To disregard the special statutes relating to the organization and incorporation of banking companies, and allow such associations to organize under the general provisions of section 3235, Revised Statutes, is, in my judgment, wholly inadmissible. In the case of an insurance company in this state, organized under this last section, an action in quo warranto was instituted, and in the decision of the case the court (Judge McIlvaine) held: 'That

inasmuch as the subject of insurance was regulated in this state by special laws on that subject, no insurance company could be incorporated under the general provisions of section 3235.' I think, therefore, that the application should be, for the reasons stated, rejected. If the persons named in this certificate desire to engage in the business set forth, ample provision is made on that subject, and they have only to follow the steps marked out."

There has been much inquiry made at this department during the year as to the means provided by law for the formation of banking corporations. This has been caused, to some extent, by the rapid decrease in the National debt, and the consequent taking away from the National banks of the bonds which they have owned and the Government has held as security for their circulation. As these bonds are gradually taken up and paid, it is becoming more and more difficult for National banks to provide the necessary security for their circulation. As a result many of them desire to surrender their charters and incorporate under state laws. And again, there are private bankers in Ohio, not desiring a circulation, to whom articles of incorporation would secure many advantages, but who have not incorporated under state laws for the reason that there is no law on the statute books providing satisfactorily for the incorporation of banks of loan, discount, deposit and exchange. Under the constitution of 1802 the Ohio banks were organized under special acts of the Legislature. The last General Assembly, under that constitution, on the 21st day of March, 1851, passed the general act authorizing free banking. Following this in September came the constitution of 1851, section 1 of the schedule, and section 7 of article XIII, of which provided, respectively, that "all laws of this State in force on the first day of September, 1851, not inconsistent with this constitution, shall continue in force until amended or repealed"; and "No act of the General Assembly authorizing associations with banking powers shall take effect until it shall be submitted to the people, at the general election next succeeding the passage thereof, and be approved by a majority of all the electors voting at such election." Said act of March 21, 1851, was thought by many to be in conflict with said section 7 of article XIII, and therefore void under section 1 of the schedule above referred to. However, this question was settled to the contrary in 1856 by the Supreme Court, the Judges holding in the case of Citizens' Bank of Steubenville v. Wright, Auditor, 6 Ohio State, 319, that "the act of March 21, 1851, 'to regulate free banking,' is not inconsistent with the constitution of 1851, and is not therefore by implication repealed by it." Supported by this decision, the act authorizing free banking, with important amendments in 1873 and 1879, has remained in force to the present day. This act, however, is not in harmony with chapter 1, title

REPORT OF SECRETARY OF STATE.

part 2 of the Revised Statutes, "Creation of Corporations." The methods provided therein for the creation of banking companies are complex and difficult. Many of its provisions are unreasonable and inapplicable to the business of banking as now carried on. Yet this law, the statute authorizing the formation of savings and loan associations, and the obsolete act to incorporate the State Bank of Ohio and other banking companies, are the only three laws under which a banking corporation can be formed in Ohio. Until the year 1885, it was a mooted question in Ohio, whether or not the words "associations with banking powers," above quoted, included banks of loan, discount, deposit and exchange, as well as banks of issue. February 26th, 1873, the General Assembly passed the act to incorporate savings and loan associations. In 1880 this statute was revised and consolidated with other general corporation laws of Ohio, and became Chapter 16 of Title 2, Part 2 of the Revised Statutes. The unconstitutionality of this statute was affirmed on its passage, the same having never been submitted to a vote of the people. In 1885 the question of its constitutionality came before the Supreme Court in the case of Dearborn v. Northwestern Savings Bank, reported in 42 Ohio State, page 617, and the court held, that the "phrase associations with banking powers," as used in section 7, article XIII of the constitution, relates only to banks of issue." This decision disposed of any question which may have previously existed as to the power of the General Assembly absolutely to provide for the creation of banks of loan, discount, deposit and exchange; and in view of the defects contained in existing legislation upon the subject of banks, it is important that some proper provision should be made for their creation and regulation, and that the free banking law of 1851 and the other unrepealed and obsolete banking laws of Ohio, should be revised in the same manner as was done with the act authorizing the incorporation of savings and loan associations. This free banking law is the only law under which corporations can be formed to do general banking. It does not provide convenient, popular, or reasonable methods for banking. Private individuals desiring to do a general banking business, and National banks surrendering their National franchises will not incorporate under it. As a rule, they choose rather to do business as individuals or as partnerships, in preference to being governed by a law whose provisions are largely unreasonable, in part inapplicable to their business, and which would subject them to unfair exactions. As a result of this, in some instances, savings and loan associations are stretching their franchises to do a general banking business, whilst in many other cases individuals and partnerships are acting as general bankers, subject to state inspection, and to no restrictions whatever. In my judgment,

this state of affairs is not nearly so desirable to the public or to the banks as that there should be a reasonable and just revision and consolidation of the act to incorporate the State Bank of Ohio, and other banking companies, the act to authorize free banking, the act to incorporate savings and loan associations, and the other unrepealed banking laws of Ohio, all into one chapter of the Revised Statutes, entitled, "Chapter 16, Title 2, Part 2, 'Banks.'"

CORPORATIONS SHOULD BE REQUIRED TO REPORT.

By section 3268 of the Revised Statutes, every corporation organized under the laws of this state is required to make an annual statement of its financial condition, setting forth its assets and liabilities, and to furnish to each stockholder a true copy of the same, together with a list of shareholders and their places of residence. The legislation of other states goes farther, and looking to the interests of creditors, and persons dealing with the corporation or its stockholders, requires such statement to be made a matter of public record in the office of the Secretary of State, where the same may be subject to inspection by any person interested. The Secretary of State is continually applied to for statements of the financial condition of the various corporations doing business in Ohio, as to the amount of their capital stock authorized, paid up and issued, the names of their shareholders, the number of shares standing in each stockholder's name, the names of officers, etc.; all of which questions he is unable to answer, for the reason that these facts do not appear of record in his office. Where suits are brought against insolvent corporations or their stockholders, it is of the greatest importance to creditors and others, that some one or all of these facts should be known, and it is always a matter of embarrassment when they are unknown. For example, attorneys have found it almost impossible to successfully carry on suits against the stockholders of the fraudulent and insolvent Bohemian oats companies formed in Ohio a year or two ago, because in many cases the companies' records have been spirited away, and the information contained in them is not elsewhere to be had. It is also a question often asked of the Secretary of State, how many corporations are doing business in Ohio at the present time. Persons desiring to reach all the corporations engaged in any particular line of business frequently apply for lists of such corporations. Information like this cannot be given, for the reason that corporations doing business in Ohio are not required to report to the Secretary of State, or to any one else, excepting, of course, railroad and insurance companies. This seems to me to be a defect in our corporate legislation, and one which it would be well for us to remedy by borrowing a leaf or two from the statute

books of other states. Some of these states not only require such reports to be filed, but even derive considerable revenue from this source. The statutes of Massachusetts, from which Ohio has already borrowed so much, are also admirable upon this subject. They provide in substance as follows:

Every corporation formed for purposes of profit, under the laws of this state, and doing business in this state, save and except railroad companies, insurance companies, banking companies and building and loan associations, shall annually make and file in the office of the Secretary of State, within thirty days after the date fixed in its regulations for its annual meeting, and if the date of its annual meeting be not fixed in the regulations of the corporation, then within thirty days after the first Monday in January, a certificate signed and sworn to by its president, treasurer and a majority of its directors, stating the time of the annual corporate meeting, the amount of its capital stock as it then stands fixed by the corporation, the amount then paid up, the amount then issued, the name of each shareholder and the number of shares then standing in his name, the assets and liabilities of the corporation, and the names and places of residence of all of its officers, in such form and with such detail as the Secretary of State shall require or approve.

When a corporation fails for two successive years to make such annual statement, the Secretary of State may apply to the Supreme Court for a dissolution of such corporation, and the court, after due notice to all parties interested, and a hearing, may for reasonable cause decree a dissolution of the corporation.

REGULATION OF FOREIGN CORPORATIONS.

Foreign corporations are not protected by that provision in the constitution of the United States which guarantees to the citizens of each state all the privileges and immunities of citizens of the several states. The state has power to prohibit foreign corporations from doing any business in the state, or of regulating the business, or of prohibiting it from suing in its courts. The state of Ohio, however, has never exercised its undoubted powers to restrict or regulate the privileges of foreign corporations doing business within its limits. On the contrary our statutes are free from everything looking like a restriction or regulation of the powers of such corporations, saving the just regulations imposed on foreign insurance companies. Our courts have declared it to be the policy of the state not only to permit, but to invite the operation of foreign corporations in this state on a perfectly equal footing with domestic corporations. They have said, it would be strange were it otherwise. To invite their co-operation in works of great public concern and then discriminate against them in point of right to use and enjoy their property in this state, would not only be unjust to them, but unwise for the state. The policy of Ohio in matters of this kind is founded upon that spirit of comity which ought to exist in all of the states. But, as a matter of fact, this policy is not reciprocated fully by some of the other states, and perhaps ought not to be, for our laws are liberal almost to a fault towards corporations of all kinds. Some of the states have adopted

regulations for foreign corporations which have been thought by some to bear particularly hard upon some of our large manufacturing corporations which do business in other states, and the question is not infrequently asked, why Ohio does not retaliate with legislation of the same general character. An examination of this matter has brought to light the fact, that whilst the legislation of some of the states places foreign corporations under certain restrictions, yet in the same states the laws governing their domestic corporations are equally of the same restrictive character. There is really no discrimination, but merely a tendency to deal unkindly with all corporations, domestic as well as foreign. Indeed in the methods adopted elsewhere to regulate the operations of foreign corporations, there are some things which Ohio can imitate with profit. For example, Massachusetts and Colorado have statutes providing a ready and convenient means for obtaining service upon foreign corporations in all suits, the Secretary of State being by law made the lawful attorney of all foreign corporations doing business within the state, upon whom process may be legally served in all actions and proceedings. Again, convenient methods are provided for obtaining proof of the corporate character of foreign corporations, as well as of their powers and duties, they being compelled to file a copy of their articles of incorporation and laws under which they are organized with the Secretary of State. They are also compelled to file a sworn statement of their financial condition, and the names and places of residence of their stockholders and officers. In all suits brought against foreign corporations or their stockholders, it is indispensable that some one or all of these facts should be known. The following is in substance the law of Massachusetts and Colorado upon this subject:

SEC. 1. Every corporation organized under the laws of any other state or territory, and now or hereafter doing business or having a usual place of business within this state, shall, before commencing or doing any further business within this state, appoint in writing the secretary of state, and his successor in office, to be its true and lawful attorney, upon whom all lawful processes in any action or proceeding against it may be served, and in such writing shall agree that any lawful process against it which is served on said attorney shall be of the same legal force and validity as if served on the company, and that the authority shall continue in force so long as any liability remains outstanding against the company in this state. Said writing, appointing the secretary of state attorney as aforesaid, duly executed and acknowledged as required by the laws of this state, shall be filed in the office of the secretary of state, and copies certified by him shall be deemed sufficient evidence thereof. Service upon such attorney shall be deemed sufficient service upon the principal.

SEC. 2. When legal process against any such company is served upon said secretary of state, he shall immediately notify the company of such service by letter, with postage prepaid, directed in the case of a company of a foreign country to the resident manager, if any, in this country; and shall, within two days after such service, forward in the same manner a copy of the process served on him to such corporation or manager, or to any person designated by the company in writing. The

REPORT OF SECRETARY OF STATE.

plaintiff in each process so served shall pay to the secretary of state at the time of such service a fee of two dollars, which shall be recovered by him as part of the taxable costs, if he prevails in the suit. The secretary of state shall keep a record of all processes served upon him, which record shall show the day and hour when such service was so made.

Sec. 3. Every such company hereafter doing business in this state, before transacting business in this state, and on the last secular day of each year, shall file with the secretary of state a certified statement, signed and sworn to by its president and treasurer and at least a majority of its directors, or officers having the powers usually exercised by directors, of the amount of its authorized capital stock, the amount of the same then paid up and issued, and if any part of such payment has been made otherwise than in money, the statement shall set forth the particulars thereof; of the amount of the assets and liabilities of said company itemized, of the names and places of residence of each shareholder and the number of shares then standing in his name; and of the names and places of residence of all its officers, in such detail as the secretary of state shall require or approve. All such companies now doing business in this state shall file such statement on or before the 31st day of December of the present year, and annually thereafter on the 31st day of December of each year, or 30th when the 31st falls on Sunday, provided such business is thereafter continued. Every officer of a corporation which fails to comply with the requirements of this and the two preceding sections, and every agent of such corporation who transacts business as such in this state, shall, for such failure, be liable to a fine not exceeding five hundred dollars; but such failure shall not affect the validity of any contract by or with such corporation. Every such company shall pay to the secretary of state ten dollars for filing the statement required by this section.

Sec. 4. Every company incorporated under the laws of any foreign state or kingdom, or of any state or territory of the United States, beyond the limits of this state, and now or hereafter doing business in this state, shall file in the office of the secretary of state a duly authenticated copy of its charter or articles or certificate of incorporation; and in case such corporation is incorporated by articles or certificate of incorporation under any general corporation law, a copy of such articles or certificate and of such general corporation law, duly certified and authenticated by the proper authority of such foreign state, kingdom or territory.

A failure to comply with the provisions of this section shall render each and every officer, agent and stockholder of any such corporation, so failing herein, jointly and severally personally liable on any and all contracts of such corporation made within this state during the time such corporation is so in default.

The several articles, certificates, charters and laws mentioned in this section shall be by the secretary of state filed and preserved in his office as a part of the records thereof, and he shall be entitled to a fee of twenty-five dollars for receiving and filing every such certificate and statute. Copies of such articles, certificates, charters and laws, duly certified by the secretary of state under his seal of office, shall be received in all courts of this state as sufficient evidence of the corporate character of such corporations and of all their powers, duties and liabilities, and the originals thereof may in like manner be used in evidence of these matters with like effect.

Sec. 5. This act shall not apply to foreign insurance, banking or railroad companies.

PREVENTION OF SIMILARITY IN CORPORATE NAMES.

The name of a corporation is often to it a valuable property. Such name is not infrequently applied in connection with the products of the corporation, and becomes to it like unto a common law trade mark. The name of a well-known, long established corporation, noted for the honesty of its dealings or for the excellence of its products, thus applied

to a manufactured article, will often promote sales where otherwise they could not be made. For this very reason a constant effort is being made on the part of corporations newly organizing to appropriate the names already rendered valuable by the expenditure of time, money, enterprise, etc., on the part of older corporations. Sometimes the name desired to be used is not identical with that of the established corporation, but still is so nearly like unto it as to tend to deceive and mislead the public into dealing with, or purchasing the products of the new corporation, under the mistaken idea that they are dealing with or purchasing the products of the old. Not only is the old corporation deprived by this appropriation or imitation of its name, of valuable advantages and rights which ought in justice to belong to it alone, but it is also sometimes subjected to many petty annoyances at the post-office, and elsewhere, by this similarity in corporate name, which it does not deserve. The secretaries of state of Ohio have resisted to the utmost this appropriation of corporate names already rendered valuable by the industry, integrity and means of older corporations; but unfortunately our statutes give the Secretary of State no express power to prevent such appropriation, the exercise of such power by him being justified merely and solely by an opinion of the Attorney-General, that such appropriation is unlawful, and that it is the duty of the Secretary of State as agent of the state, on the ground of public policy and independent of statute, to refuse to consent to and approve of the same by filing the articles of incorporation of such new corporations. Corporations are multiplying rapidly in Ohio. Enterprise, advertising, industry, excellence of product, etc., are all or some of them in many cases uniting in rendering the name of established business corporations valuable. It is therefore every day becoming more and more important that the Secretary of State be given unquestioned powers, if he, as is often claimed, has not got them already, to prevent what in point of justice and sound morality amounts to little less, if anything, than the wrongful appropriation of property belonging to some one else. Established corporations should not be compelled to look to the courts for redress against a wrong committed, whilst more easily in the very beginning the commission itself of the wrong may be prevented.

SOCIAL CLUBS.

In my last annual report, the advisability of investing the Secretary of State with discretionary powers as to permitting the filing of articles of incorporation in cases where he has reason to believe that the real purpose is not stated, and that if stated the same would be unlawful, was spoken of. Following this suggestion, a bill was introduced last winter, giving the Secretary of State power to decline to file articles of

incorporation, where he has reason to think the real purpose intended to be unlawful. This bill passed the Senate, but failed for want of time to be brought before the House. The need of such discretionary powers was felt a year or two ago, in the case of the Bohemian oats companies, whose ostensible purpose was "to buy and sell seed and grain," but whose real purpose was to defraud. During the past year, the need of such discretionary powers has again been felt, in the case of social clubs, proposed to be incorporated in municipalities which have voted in favor of local option under the Dow law. In many of the incorporated villages which have thus adopted local option, social clubs have been formed, which present articles of incorporation to the Secretary of State for filing, wherein their purpose is stated as being literary, benevolent, charitable, just as they think best, whilst the Secretary of State and every body else knows that their real purpose is to evade the Dow law in the sale of intoxicating liquors. Many of the saloons in Delaware are incorporated for the purpose of "preserving, perpetuating and advancing among themselves and the members thereof, literary and social interests, and for the other purposes and objects usually subserved by a fraternity and a club not organized for profit and having no capital stock." Prior to the incorporation of any of these clubs, protests were filed against the filing of their articles of incorporation by some of the best citizens of Ohio. Acting at the request of these citizens, and being assured by them that the real purpose of these clubs was the evasion of the local option feature of the Dow law, I referred the articles of incorporation of six of them to the Attorney General, for his opinion as to the duty of the Secretary of State in the premises. On the 12th day of July last, he gave the following opinion :

JULY 12, 1887.

Hon. J. S. Robinson, Secretary of State :

DEAR SIR: Your letter of June 24, relating to articles of incorporation of the proposed "Delaware Club," and also similar articles of a number of other clubs, received.

I have given the matter careful attention, especially in view of the supposition that the real object of these clubs is for the avoidance of the provisions of the ordinance recently adopted by the Councils of the city of Delaware and other places where such clubs are being formed, prohibiting the sale of intoxicating liquor.

Section 3235 of the Revised Statutes provides that "Corporations may be formed in the manner provided in this chapter for any purpose for which individuals may lawfully associate themselves, except for dealing in real estate, or carrying on professional business, and if the organization is for profit, it must have a capital stock."

So far as the articles before me are concerned, nothing appears to indicate that the association has any unlawful purpose or design in view. Individuals may lawfully associate themselves for the purpose stated in these articles, and it cannot be assumed that the individuals entering into this organization will do any unlawful act or abuse the franchise granted.

I am therefore of the opinion that so far as these articles of incorporation are concerned (the proper fee being tendered), that it is the duty of the Secretary of State to file the articles.

Such incorporation would not, in my judgment, give any warrant to such club or a member thereof to violate the provisions of an ordinance prohibiting the sale of or giving away intoxicating liquors. It will be sufficient to act when it is shown as a fact that any unlawful or improper use is made of the act of incorporation, or that the law of the state or municipality is being violated. Until such acts are shown, it must be presumed that the laws of the state, as well as any duly adopted ordinance of any municipality, will be carefully observed.

Yours, very truly,

J. A. KOHLER, *Attorney-General.*

These clubs are still incorporating in villages which have adopted local option. Under the opinion above set forth, they will necessarily continue to be incorporated, until the legislature sees fit to forbid it, or invests the Secretary of State with the discretionary powers which he has hitherto suggested be given him.

RECORDING OF RAILWAY CONTRACTS.

Inquiries are frequently made at this office for copies of leases from some one railroad company to another; for copies of traffic agreements between railroad companies; and for copies of the agreements between railroad companies forming joint through freight lines. Railway contracts such as these, though often of the greatest interest to the public, are seldom if ever recorded with the county recorders and never in the office of the Commissioner of Railroads or in this office. The law requires railway equipment contracts to be filed with the Secretary of State, and it seems to me, that with equal or greater propriety, though for different reasons, railway companies should be compelled to file or record the contracts above named, either in this office or in that of the Commissioner of Railroads, where the same will be open to the inspection of any person interested therein.

FEES.

The large increase during the year in the number of corporations formed has been followed by a corresponding increase in the amount of fees collected, the same having amounted as follows:

| | |
|----------------------------|--------------------|
| First quarter..... | \$7,538 50 |
| Second quarter | 9,193 25 |
| Third quarter..... | 7,535 00 |
| Fourth quarter | 6,454 05 |
| Total for year..... | \$30,720 80 |

The fee law for this office was enacted in March, 1884. It was in operation for but eight months of the fiscal year, ending November 15, 1884. Beginning with 1884, the amount of fees each year has been as follows :

| Year. | Amount. | Increase. |
|------------|-------------|------------|
| 1884 | \$10,572 40 | |
| 1885 | 17,110 27 | \$6,537 87 |
| 1886 | 22,152 89 | 5,042 67 |
| 1887 | 30,720 80 | 8,567 91 |

These figures and the large increase in the amount of the corporate business of the office emphasize the remark made in my report of last year, that as a revenue measure the act of March 18, 1884, is a success, whilst the main object proposed by it, the diminution in the number of corporations formed, is, and since the passage of the act has been, a failure. The fees fixed by this act are large, but they are not large enough, and can hardly be made so, to keep down the number of corporate enterprises, good or bad, which the people of Ohio desire to organize. As long as there is profit in them, corporations will be formed by men of capital, regardless of the amount of fees to be paid to the state for the franchises. Heavy taxes upon the granting of corporate franchises tend only to monopoly and not to prohibition. It is only men of moderate means, promoters of small ventures, who are pinched by such a law. Most of our Ohio corporations are of this class. To them a dollar is every inch a dollar, and upon them this law is to some degree oppressive. It were better, it seems to me, to encourage this class by incorporating companies having a capital of less than \$25,000.00 free, or for at least a nominal fee, and doubling the amount of fees to be paid by corporations having a capital of over that amount, than to levy a burdensome tax on the smaller corporate enterprises of the state, which are less able to bear it. As a revenue measure the fee law of 1884 is a success, as compared with the law it supplanted ; but regarded even as a revenue measure pure and simple, as it must properly be, for, for all other purposes it amounts to nothing, it will hardly compare with the laws of some of the other states upon the same subject. In Alabama, Arizona, Dakota, Connecticut (a heavy tax is also laid in this state upon the grant of corporate franchises), Delaware, Florida, Illinois, Indiana, Kansas, Kentucky, Maryland, Michigan, Minnesota, Nebraska, Nevada, New Hampshire, New Mexico, Oregon, South Carolina, Utah, Vermont, Wisconsin, Wyoming, and in perhaps some of the other states and territories, the fees charged in the creation of corporations are merely nominal, varying from the actual expense of recording and copying the papers to \$5.00 or \$10.00 for each corporation formed ; whilst

the total receipts range from \$150.00 per year in Nevada, and \$200.00 in Alabama to \$5,000.00 in Wisconsin, and \$6,000.00 in Illinois. But in Arkansas, California, Colorado, Iowa, Massachusetts, Maine, Missouri, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Texas and West Virginia, the policy exists of making the organization of new corporations a source of revenue to the state. In Arkansas a fee of \$25.00 is charged for incorporating all manufacturing and commercial corporations without reference to capital; \$2.50 for educational and benevolent corporations, whilst for the incorporation of railroad companies fees are charged varying from \$50.00 to \$200.00, according to the number of miles of railroad to be constructed. Arkansas derives a revenue of \$5,000.00 per annum from this source. In California the sum of \$2,000.00 per month, or \$24,000.00 per annum, is raised from the granting of corporate franchises; all of which goes to the state treasury. Colorado collects \$20,000.00 per annum, and Iowa \$28,000.00 from the same source. The laws of Massachusetts are substantially the same as our own, a maximum fee of \$200.00 being charged. In that state over \$10,000.00 are collected annually in fees for the creation of corporations. In Maine the maximum fee is placed at \$55.00, whilst the receipts are about the same as in Massachusetts. The constitution and laws of Missouri provide that no corporation, company or association, other than those formed for benevolent, religious, scientific or educational purposes, shall be created or organized under the laws of this state, unless the persons named as incorporators shall, at or before the filing of the articles of association or incorporation, pay into the state treasury fifty dollars for the first fifty thousand dollars or less of capital stock, and a further sum of five dollars for every additional ten thousand dollars of its capital stock. And no such corporation, company or association shall increase its capital stock without first paying into the treasury five dollars for every ten thousand dollars of increase. Under this law, the fees paid into the State Treasury for the filing of articles of incorporation, amounted in 1886 to \$51,901.25, and from January 1, 1887, to September 20, to about \$5,000. In New Jersey, the fees collected in 1887 for the granting of corporate franchises, will amount to about \$35,000. Rhode Island collects a revenue from this source by levying a heavy tax on new corporations prior to organization. In Texas the fees charged are limited in amount only by the amount of the capital stock of the new corporation. They range from \$10 for incorporating a church or missionary society to \$100 for incorporating a railroad company with a capital stock of \$100,000 or less, and for each additional \$100,000 of capital the sum of \$25 is charged. West Virginia

raises a revenue of \$15,000 per annum from this source. Their uniform charge for issuing a certificate of incorporation is \$6, without regard to the amount of the capital stock. In addition to this fee their laws impose a license tax on all corporations, save religious, benevolent and educational corporations of \$10, on such as do business within the state, and \$50 on such as do business without. In Pennsylvania the maximum fee is \$75. Under the laws of that state the amount of the capital stock of a corporation is not taken into consideration in determining the amount of fees, and all corporations newly forming, except railroad companies, building and loan associations, bridge and insurance companies, are required, by law, to pay a bonus of one-fourth of one per cent. upon the whole amount of their capital stock to the state, one-half of which is payable before the charter is granted, and the balance in one year thereafter. The fees received from the filing of articles of incorporation amount in Pennsylvania to about \$25,000 each year, whilst the bonus for 1887 is estimated at \$140,000. In other words, Pennsylvania will receive about \$165,000 from the creation of new corporations in the year 1887. Under the legislation of New York, to which particular attention is invited, a moderate fee is charged for filing articles of incorporation; but a heavy tax is levied on stock companies for the privilege of organizing. This tax is levied under a law, which, in substance, is also in force in a number of other states. The same will be of interest as indicating a way in which Ohio will be able to collect a revenue of \$200,000 per annum, should it ever become necessary or desirable. I am free to say, however, that I hope such necessity will never arise, for, under our laws, corporate enterprise is, in my judgment, largely synonymous with business, and whilst just and proper regulation is needful, the great majority of corporations formed in Ohio deserve encouragement rather than repression. The following is a copy of the New York law referred to:

CHAPTER 143.

AN ACT

To tax stock corporations for the privilege of organization.

[Passed April 16, 1886; three-fifths being present.]

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. Every corporation, joint-stock company or association incorporated by or under any general or special law of this state, having capital stock divided into shares, shall pay to the State Treasurer, for the use of the state, a tax of one-eighth of one per centum upon the amount of capital stock which said corporation, joint-stock company or association is authorized to have, and a like tax upon any subse-

quent increase thereof. The said tax shall be due and payable upon the incorporation of said corporation, joint-stock company or association, or upon the increase of the capital thereof; and no such corporation, joint-stock company or association shall have or exercise any corporate powers until the said tax shall have been paid. And the Secretary of State, and any county clerk, shall not file any certificate of incorporation or articles of association, or certify or give any certificate to any such corporation, joint-stock company or association, until he is satisfied that the said tax has been paid to the State Treasurer. And no such company incorporated by any special act of the legislature shall go into operation, or exercise any corporate powers or privileges until said tax has been paid as aforesaid. But this act shall not apply to literary, scientific, medical and religious corporations, or corporations organized under the banking laws of this state.

SEC. 2. The taxes imposed by this act, and the revenue derived therefrom, shall be applicable to the general fund, and for the payment of those claims and demands which shall constitute a lawful charge upon that fund.

SEC. 3. This act shall take effect immediately.

Under this law New York, for the year ending September 30, 1887, collected \$201,663.99. For the same period the sum of \$18,995.70 was also charged and collected as fees for filing articles of incorporation, etc. In short, the state of New York, during its last fiscal year, has derived a revenue of \$220,659.69 from the creation of new corporations, under laws which make the granting of corporate franchises a substantial source of revenue to the state. If Ohio should so desire, she could, under similar laws, do nearly, if not quite, as well as New York in the amount of revenue to be collected from this source. New York, Pennsylvania, Missouri, Texas, and other states, by their legislation, seem to have declared corporate enterprises as fit subjects for the raising of revenue only, and as in nowise synonymous with business enterprise. Whether or not this be the correct view, is a subject-matter for our law-makers to consider hereafter.

WEIGHTS AND MEASURES.

At the close of last year, five sets of weights and measures remained on hand unsold. One set of these has been sold during the year to the city of Elyria. For this set \$115 has been received. The remaining four sets are yet in my possession.

GEOLOGICAL REPORTS.

Of the 78 copies of volume V. of the Geological report remaining in my hands at the close of the last fiscal year, 30 have been sold at \$1 per volume; 48 copies yet remain in my hands unsold.

RECEIPTS.

The receipts of this office are derived from fees and from the sale of weights and measures and geological reports above-named. Thirty

dollars also were received during the year from the auditor of Licking county on account of sales of Revised Statutes of 1880. The receipts last year amounted to \$22,532.89. This year they have amounted as follows:

| | |
|-----------------------------------|--------------------|
| Fees | \$30,720 80 |
| Sale of weights and measures..... | 115 00 |
| Sale of geological reports..... | 80 00 |
| Sale of Revised Statutes..... | 80 00 |
| Total..... | <u>\$30,895 80</u> |

EXPENSES.

The expenses of the office for the fiscal year have been as follows:

| | |
|---------------------------------------|--------------------|
| Salary of Secretary of State | \$3,000 00 |
| “ Chief Clerk..... | 2,000 00 |
| “ Statistical Clerk..... | 1,429 08 |

MUNICIPAL CORPORATIONS.

During the year fourteen villages and one hamlet have been incorporated, two cities and seven villages have filed certificates of annexation of territory, whilst one hamlet and four villages have been advanced respectively to a village and to cities of the second class. A list of all these will be found in the accompanying statistical report.

SUPREME COURT REPORTS.

During the year the following number of volumes of the Supreme Court Reports have been issued:

To the clerk of Fulton county, one copy each of volumes 2, 3, 4, 6 and 25, Ohio State Reports. During the year, 350 copies of volume 44, Ohio State Reports, have been received from the publishers, and of these 158 copies have been distributed as follows:

To the Supreme Court, 25 copies ; to other states and territories, 45 copies; to county clerks, 88 copies. The three complete sets of Ohio Reports (volumes 1-20, inclusive), and Ohio State Reports (volumes 1-40), loaned by me to the Supreme Court in 1885, still remain in the hands of that body; also, the four sets of Ohio and Ohio State Reports, which were issued to the Supreme Court Commission, as stated in the report for 1883, of Secretary Newman, and which on the dissolution of that body were turned over to the Supreme Court.

As the Supreme Judges seem to have need for these seven sets of reports, the Secretary of State should be relieved from responsibility for the same. The following is a statement of the number of reports on hand :

| Volume. | Ohio Reports. | Ohio State Reports. | Volume. | Ohio Reports. | Ohio State Reports. |

On the 8th day of July last, in accordance with a joint resolution of the General Assembly (84 O. L., 444), I entered into a contract in behalf of the state with Robert Clarke & Company, of Cincinnati, for the printing of volumes 45 and 46 of the Ohio State Reports. Under this contract the state will be furnished with 350 bound copies, and 225 copies of the advance sheets of each of said volumes free, whilst they will be sold to purchasers at \$1.25 per volume, delivered. This is by far the best contract the state of Ohio has ever been able to make for the printing of Supreme Court Reports. Under section 437 of the Revised

REPORT OF SECRETARY OF STATE.

statutes, the Secretary of State is only authorized to contract for the printing of such reports when authorized by resolution of the General assembly. The difficulty which will now arise will be this: Volume I will probably be completed whilst the sessions of the General Assembly are adjourned. The Secretary of State will then have to wait for authority to make a new contract, until the General Assembly again convenes, and this will cause an undesirable delay in the printing of the reports. For this reason, section 437 of the Revised Statutes should be amended, so as to authorize the Secretary of State to contract for the publication of not exceeding two reports at any time, when the publication of reports before contracted for shall have been completed. Formerly it was customary to let a contract for such publication for the period of two years. But as the end of the two years seldom fell upon the same date with the completion of a volume, it led to trouble with the publishers, and afterward to the plan of contracting for the publication of certain volumes, instead of letting the publishing for a definite period. This last plan is as certain to lead to delays as the one it superseded led to difficulties, and for this reason the resolution referred to in the statute should be dispensed with, and the Secretary of State authorized to make a new contract whenever and just as often as a new contract is needed.

REVISED STATUTES.

On November 15, 1886, there remained in the hands of the Secretary of State 600 copies complete of the Revised Statutes of 1883, including therein eighteen sets returned by members of the Senate at the close of the regular session of the 67th General Assembly, and which they called for again at the beginning of the adjourned session; also, forty-eight sets, original edition, which are imperfect. These last are still in the book-room. Of the 600 copies of the edition of 1883, 110 copies were issued to the members of the House of Representatives at the beginning of the adjourned session of the 67th General Assembly; fifty-five copies were issued to the members of the Senate, the eighteen sets above-mentioned being included, and five sets to the standing committees of the two houses. This leaves 432 sets on hand on November 15, 1887, of the edition of 1883, as well as the forty-eight imperfect sets above referred to.

PRINTING PAPER.

On Monday, September 5, 1887, the contracts were awarded for furnishing paper to the state for the year beginning November 1, 1887.

These contracts were awarded at the lowest rate ever yet secured by the state. The following is a tabulated statement of rates, compared

with those of former years, beginning with 1880, the figures given being the number of cents per pound to be paid for each kind of paper :

*None bought.

More paper has been issued this year than last, yet the amount expended for paper has been less. This is due to the reduced rate at which the paper was contracted for. Last year the sum of \$39,146.05 was expended and contracted to be paid for paper. This included \$6,354.48 for paper ordered and delivered prior to November 15, 1886, but not paid for or accepted, and consequently not issued during the year ending November 15, 1886. Deducting \$6,354.48, there remained \$32,791.51, the amount properly chargeable to expenditures for paper in 1886. This year, \$32,371.73 has been paid out for this purpose, a decrease of \$419.78. The amount of paper used in the publication of public documents is enormous. The drop in book paper, the principal paper used, from 13 cents a pound in 1880 to 5.36 cents in 1887, is all that prevents the expenditure for printing paper from being a burden seriously felt by the state.

PUBLICATION OF REPORTS IN GERMAN.

The state of Ohio prints in the German language the reports of the commissioner of labor statistics, of the inspector of shops and factories, of the state board of agriculture and of the secretary of state. By the census of 1880, Ohio had a population of 3,198,062 people, of which 192,597, or nearly one-sixteenth, were German. This German popula-

tion was not only large, but it was and is an intelligent, reading class, and wishing to place at least some of our state reports before them in a convenient form, our General Assembly provided that the four reports above named should be printed in the German as well as in the English language. It is made by law the duty of the Secretary of State to determine by inquiry of the members of the General Assembly the number of German reports desired by each, and the aggregate of those desired by them constitutes the number to be printed in German. This duty I have performed for two years, and it is but proper to state, as the result of my observations upon the subject, that there is very little demand among the members of the General Assembly, or among the German citizens of the state for any of the German reports. And not only that, but the printing and translation of the German reports, few though they be, together cost the state more than the large number of English reports printed of the same kind. Not that there is no demand among Germans for the state reports, but simply because, as it seems to me, in almost every instance, the German who can read German can read English also, or desires the report for his children who can read English. Germans are as proud of their race and of their language as the representatives of any other nationality can be. They rather take a pride in knowing that the reports of their adopted state are printed in no foreign language save their own. Yet, as a matter of fact, when one of them calls for a state report, in ninety-nine cases out of a hundred he will ask for an English report in preference to one in German. There have not been 100 calls for German reports in this department during the last three years. Nor, to the best of my recollection, has a single citizen of this state sent in a request by mail for any German report during all that time. The Germans who will take them at all will, as a rule, ask for an English copy also. Why this is, I do not attempt to say, farther than as already stated. The facts only in reference to the matter are here set forth. In many of the counties, members of the General Assembly desire no German reports at all. In none of them are more than a few asked for. This applies to all of the reports printed in German, so far as the General Assembly is concerned. In regard to my own office, as stated above, there is very little demand for the Secretary of State's report in German, and that the same is true of the German reports of the inspector of shops and factories, of the commissioner of labor statistics and of the state board of agriculture, the following letters addressed to me by the representatives of those departments in answer to my inquiries upon the subject, conclusively show :

STATE OF OHIO,
OFFICE OF CHIEF INSPECTOR OF WORKSHOPS AND FACTORIES,
COLUMBUS, November 25, 1887.

HON. J. S. ROBINSON, *Secretary of State, Columbus, Ohio*—

DEAR SIR: In reply to your note of this date, inquiring as to the demand for German copies of our report, the value of the translation, etc., etc., I will state, that there is very little demand for German copies. The demand for the English report is far in excess of the number allowed by law. Last year, by what authority I do not know, five hundred (500) copies were deducted from the limited number the law says shall be printed for me in English, and the number thus deducted printed in German. The same thing may be done this year, if those having authority to act in this matter do not see to it in time. As to the value of the translation, I understand you to refer in this inquiry to the correctness of the translation. This I know has been, at times, very imperfect and unsatisfactory. A much better way, I am satisfied, would be for the state to employ a translator by the year. Money would be saved by this plan, and the work would be much better performed.

Respectfully yours,

HENRY DORN, *Chief.*

COLUMBUS, OHIO, November 26, 1887.

HON. J. S. ROBINSON, *Secretary of State*:

In reply to yours of the 25th, I will say, that as yet there have been no inquiries at this department for German reports, and in my judgment it is a useless expenditure.

While there is no demand for the German, the demand for the English reports can not be satisfied, as the supply is not sufficient. I would recommend discontinuing the German and increasing the number of English reports. I am, very respectfully,

Yours truly,

A. D. FASSETT,
Commissioner of Labor Statistics.

OHIO STATE BOARD OF AGRICULTURE,
November 27, 1887.

GEN. J. S. ROBINSON, *Secretary of State, Columbus, Ohio*—

MY DEAR SIR: The demand for the German agricultural reports is very light, compared with that for the English. We never have applications for it by mail, and rarely does a German call at the office for one. Formerly, about a thousand were used for foreign exchange, but that has long since been abandoned, because of the great expense and light returns. The German farmers, who are inclined to read such reports, will, I think, be found able to read English.

Yours very truly,

L. N. BONHAM,
Secretary.

Appended hereto is a statement, also, of the relative cost of printing the German and English reports aforesaid, furnished me by the Supervisor of Public Printing. In the cost of printing the German reports the cost of translation is included. In regard to this matter of translation, I desire to call attention to the suggestion made by the chief inspector of shops and factories in his letter set forth above, that the state can save money and insure a better translation by providing for

REPORT OF SECRETARY OF STATE.

appointment of a state translator. In regard to the cost, it was shown from the appended statement that under the present system of printing, it costs the state more for the printing of 2,800 German agricultural reports than it does for 24,000 English; more for printing 1,600 reports of the bureau of labor statistics than it does for 8,300 English; more for 500 German reports of the inspector of shops and factories than it does for 5,000 English; more to print 2,800 Secretary of State's reports in German than it does 19,760 English.

STATIONERY.

The amount expended for stationery during the year has been \$157.90, as compared with \$8,672.75 in 1886, a decrease of \$514.85. The value of the stationery issued during the year has been \$7,860.02, as compared with \$8,807.47 in 1886, a decrease of \$947.45. The comparative statement of amounts of stationery used by the different departments, printed in the reports for 1885 and 1886, is omitted from this report, as it has been thought that these statements did injustice to some of the departments, owing to the fact that included in the expenditures of such departments, there are in some years unusual items of account, which more properly should be chargeable to the printing fund; or at least, when they do occur, should be chargeable to some other than the stationery fund. Thus, in 1886, the executive department was charged with \$309 expended for commission heads; in 1887, \$386 are charged against the same department as expended for the same cause, which items of expense had not heretofore been charged to this department. These commission heads are not stationery, more than are the different blanks printed by the state printers. They are lithographed, however, and as the state printers are unable to do lithographing work, the expense of the same has come, by custom, to be charged to stationery account. There is an item of \$120 for lithographing blank articles of

incorporation, and \$70 for a blank index of incorporations in the stationery account of the Secretary of State for the present year, which may not occur again in five years. And in the accounts of some, if not all, of the other departments, items for lithographing also appear, which tend to vary the accounts of these departments in a seemingly unaccountable manner from year to year. In my view of the matter, expenditures for lithographing are more properly chargeable to the printing than to the stationery fund. But in this view, the Auditor of State fails to coincide, and as a result the stationery accounts of some of the departments show a large increase in amount, where the increase, as in the instances above-named, is more properly chargeable to other funds than that of stationery, and where the real amount of stationery used is about the same as in previous years. The stationery fund, in my judgment, should be used only for the purchase of stationery and not for the miscellaneous assortment of things which, by the bad custom and usage of years, has come to be included under the head of "stationery." But should this fund be applied to the purchase of stationery proper, it would be necessary that the printing fund be made the "printing and lithographing fund," and also that a "sundries fund" be created, from which the Secretary of State might purchase the various articles needed for the use of the several departments, or more properly that such purchase be made, when necessary, from the contingent funds of the different departments.

APPROPRIATIONS.

The following is a statement of the amount of each appropriation made for this department available during the year, of the expenditures and liabilities unpaid for the year, and of the balance in each fund at the close of business hours on November 15, 1887. The expenditures for stationery and printing paper are for all the departments, including my own:

Secretary of State.

[As the year 1887 is the centennial anniversary of the framing of the Constitution of the United States, and of the passage of the Ordinance of 1787, it has been thought appropriate to herein print those two great instruments.]

CONSTITUTION OF THE UNITED STATES—1787.

We THE PEOPLE of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this CONSTITUTION for the United States of America.

The House of Representatives shall chuse their Speaker and other Officers; and shall have the sole Power of Impeachment.

SECTION 3. The Senate of the United States shall be composed of two Senators from each State, chosen by the Legislature thereof, for six Years; and each Senator shall have one Vote.

The Seats of the Senators of the first Class shall be vacated at the Expiration of the second year, of the second Class at the Expiration of the fourth Year, and of the third Class at the Expiration of the sixth Year, so that one third may be chosen every second Year; and if Vacancies happen by Resignation, or otherwise, during the Recess of the Legislature of any State, the Executive thereof may make temporary Appointments until the next Meeting of the Legislature, which shall then fill such Vacancies.

No Person shall be a Senator who shall not have attained to the Age of thirty Years, and been nine Years a Citizen of the United States, and who shall not, when elected, be an Inhabitant of that State for which he shall be chosen.

The Vice-President of the United States shall be President of the Senate, but shall have no Vote, unless they be equally divided.

Judgment in Cases of Impeachment shall not extend further than to removal from Office, and disqualification to hold and enjoy any office of honor, Trust or Profit under the United States: but the Party convicted shall nevertheless be liable and subject to Indictment, Trial, Judgment and Punishment, according to Law.

SECTION. 4. The Times, Places and Manner of holding Elections for Senators and Representatives, shall be prescribed in each State by the Legislature thereof; but the Congress may at any time by Law make or alter such Regulations, except as to the places of chusing Senators.

Each House may determine the Rules of its Proceedings, punish its

Members for disorderly Behavior, and, with the Concurrence of two thirds, expel a Member.

Neither House, during the session of Congress, shall, without the Consent of the other, adjourn for more than three days, nor to any other Place than that in which the two Houses shall be sitting.

Every Bill which shall have passed the House of Representatives and the Senate, shall, before it become a Law, be presented to the President of the United States; If he approve he shall sign it, but if not he shall return it, with his Objections to that House in which it shall have originated, who shall enter the Objections at large on their Journal, and proceed to reconsider it. If after such Reconsideration two thirds of that House shall agree to pass the Bill, it shall be sent, together with the Objections, to the other House, by which it shall likewise be reconsidered, and if approved by two-thirds of that House, it shall become a Law. But in all such Cases the Votes of both Houses shall be determined by Yeas and Nays, and the Names of the Persons voting for and against the Bill shall be entered on the Journal of each House respectively. If any Bill shall not be returned by the President within ten Days (Sundays excepted) after it shall have been presented to him, the Same shall be a Law, in like Manner as if he had signed it, unless the Congress by their Adjournment prevent its return, in which Case it shall not be a Law.

Every Order, Resolution, or Vote to which the Concurrence of the Senate and House of Representatives may be necessary (except on a question of Adjournment) shall be presented to the President of the United States; and before the Same shall take Effect, shall be approved by him, or being disapproved by him, shall be repassed by two thirds of the Senate and House of Representatives, according to the Rules and Limitations prescribed in the Case of a Bill.

In all Cases affecting Ambassadors, other public Ministers and Consuls, and those in which a State shall be Party, the supreme Court shall have original Jurisdiction. In all the other Cases before mentioned, the supreme Court shall have appellate Jurisdiction, both as to Law and Fact, with such Exceptions, and under such Regulations as the Congress shall make.

The Trial of all Crimes, except in Cases of Impeachment, shall be by Jury; and such Trial shall be held in the State where the said Crimes shall have been committed; but when not committed within any State, the Trial shall be at such Place or Places as the Congress may by Law have directed.

[ARTICLE V.]

No person shall be held to answer for a capital, or otherwise infamous crime, unless on a presentment or indictment of a Grand jury, except in cases arising in the land or naval forces, or in the Militia, when in actual service in time of war or public danger; nor shall any person be subject for the same offence to be twice put in jeopardy of life or limb; nor shall be compelled in any Criminal Case to be a witness against himself, nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use, without just compensation.

ORDINANCE OF 1787.

[THE CONFEDERATE CONGRESS, JULY 13, 1787.]

An Ordinance for the government of the territory of the United States northwest of the river Ohio.

SECTION 1. *Be it ordained by the United States in Congress assembled,* That the said territory, for the purpose of temporary government, be one district, subject, however, to be divided into two districts, as future circumstances may, in the opinion of Congress, make it expedient.

SEC. 2. *Be it ordained by the authority aforesaid,* That the estates both of resident and non-resident proprietors in the said territory, dying intestate, shall descend to, and be distributed among, their children and the descendants of a deceased child in equal parts, the descendants of a deceased child or grandchild to take the share of their deceased parent in equal parts among them; and where there shall be no children or descendants, then in equal parts to the next of kin in equal degree; and among collaterals, the children of a deceased brother or sister of the intestate shall have, in equal parts among them, their deceased parent's share; and there shall, in no case, be a distinction between kindred of the whole and half blood; saving in all cases to the widow of the intestate, her third part of the real estate for life, and one-third part of the personal estate; and this law relative to descents and dower, shall remain in full force until altered by the legislature of the district. And until the governor and judges shall adopt laws as hereinafter mentioned, estates in the said territory may be devised or bequeathed by wills in writing, signed and sealed by him or her in whom the estate may be, (being of full age), and attested by three witnesses; and real estates may be conveyed by lease and release, or bargain and sale, signed, sealed, and delivered by the person, being of full age, in whom the estate may be, and attested by two witnesses, provided such wills be duly proved, and such conveyances be acknowledged, or the execution thereof duly proved, and be recorded within one year after proper magistrates, courts, and registers, shall be appointed for that purpose; and personal property may be transferred by delivery, saving, however to the French and Canadian inhabitants, and other settlers of the Kaskaskies, Saint Vincents, and the neighboring villages, who have heretofore professed themselves citizens of Virginia, their laws and customs now in force among them, relative to the descent and conveyance of property.

SEC. 3. *Be it ordained by the authority aforesaid,* That there shall be appointed, from time to time, by Congress, a governor, whose commission shall continue in force for the term of three years, unless sooner revoked by Congress; he shall reside in the district, and have a freehold estate therein, in one thousand acres of land, while in the exercise of his office.

SEC. 4. There shall be appointed from time to time, by Congress, a secretary, whose commission shall continue in force for four years, unless sooner revoked; he shall reside in the district, and have a freehold estate therein, in five hundred acres of land, while in the exercise of his office. It shall be his duty to keep and preserve the acts and laws passed by the legislature, and the public records of the district, and the proceedings of the governor in his executive department, and transmit authentic copies of such acts and proceedings every six months to the Secretary of Congress. There shall also be appointed a court, to consist of three judges, any two of whom to form a court, who shall have a common-law jurisdiction, and reside in the district, and have each therein a freehold estate, in five hundred acres of land, while in the exercise of their offices; and their commissions shall continue in force during good behavior.

SEC. 5. The governor and judges, or a majority of them, shall adopt and publish in the district such laws of the original States, criminal and civil, as may be necessary, and best suited to the circumstances of the district, and report them to Congress from time to time, which laws shall be in force in the district until the organization of the general assembly therein, unless disapproved of by Congress; but afterwards the legislature shall have authority to alter them as they shall think fit.

SEC. 6. The governor, for the time being, shall be commander-in-chief of the militia, appoint and commission all officers in the same below the rank of general officers; all general officers shall be appointed and commissioned by Congress.

SEC. 7. Previous to the organization of the general assembly the governor shall appoint such magistrates, and other civil officers, in each county or township, as he shall find necessary for the preservation of the peace and good order in the same. After the general assembly shall be organized the powers and duties of magistrates and other civil officers shall be regulated and defined by the said assembly; but all magistrates and other civil officers, not herein otherwise directed, shall, during the continuance of this temporary government, be appointed by the governor.

SEC. 8. For the prevention of crimes and injuries, the laws to be adopted or made shall have force in all parts of the district, and for the execution of process, criminal and civil, the governor shall make proper divisions thereof; and he shall proceed, from time to time, as circumstances may require, to lay out the parts of the district in which the Indian titles shall have been extinguished, into counties and townships, subject, however, to such alterations as may thereafter be made by the legislature.

SEC. 9. So soon as there shall be five thousand free male inhabitants, of full age, in the district, upon giving proof thereof to the governor, they shall receive authority, with time and place, to elect representatives from their counties or townships, to represent them in the general assembly: *Provided*, That for every five hundred free male inhabitants there shall be one representative, and so on, progressively, with the number of free male inhabitants, shall the right of representation increase, until the number of representatives shall amount to twenty-five; after which the number and proportion of representatives shall be regulated by the legislature: *Provided*, That no person be eligible or qualified to act as a representative, unless he shall have been a citizen of one of the United States three years, and be a resident in the district, or

unless he shall have resided in the district three years; and, in either case, shall likewise hold in his own right, in fee-simple, two hundred acres of land within the same: *Provided also*, That a freehold in fifty acres of land in the district, having been a citizen of one of the States, and being resident in the district, or the like freehold and two years' residence in the district, shall be necessary to qualify a man as an elector of a representative.

SEC. 10. The representatives thus elected shall serve for the term of two years; and in case of the death of a representative, or removal from office, the governor shall issue a writ to the county or township, for which he was a member, to elect another in his stead, to serve for the residue of the term.

SEC. 11. The general assembly, or legislature, shall consist of the governor, legislative council, and a house of representatives. The legislative council shall consist of five members, to continue in office five years, unless sooner removed by Congress; any three of whom to be a quorum; and the members of the council shall be nominated and appointed in the following manner, to wit: As soon as representatives shall be elected the governor shall appoint a time and place for them to meet together, and when met they shall nominate ten persons, resident in the district, and each possessed of a freehold in five hundred acres of land, and return their names to Congress, five of whom Congress shall appoint and commission to serve as aforesaid; and whenever a vacancy shall happen in the council, by death or removal from office, the house of representatives shall nominate two persons, qualified as aforesaid, for each vacancy, and return their names to Congress, one of whom Congress shall appoint and commission for the residue of the term; and every five years, four months at least before the expiration of the time of service of the members of the council, the said house shall nominate ten persons, qualified as aforesaid, and return their names to Congress, five of whom Congress shall appoint and commission to serve as members of the council five years, unless sooner removed. And the governor, legislative council, and house of representatives shall have authority to make laws in all cases for the good government of the district, not repugnant to the principles and articles in this ordinance established and declared. And all bills, having passed by a majority in the house, and by a majority in the council, shall be referred to the governor for his assent; but no bill, or legislative act whatever, shall be of any force without his assent. The governor shall have power to convene, prorogue, and dissolve the general assembly when, in his opinion, it shall be expedient.

SEC. 12. The governor, judges, legislative council, secretary, and such other officers as Congress shall appoint in the district, shall take an oath or affirmation of fidelity, and of office; the governor before the President of Congress, and all other officers before the governor. As soon as a legislature shall be formed in the district, the council and house assembled, in one room, shall have authority, by joint ballot, to elect a delegate to Congress, who shall have a seat in Congress, with a right of debating, but not of voting, during this temporary government.

SEC. 13. And for extending the fundamental principles of civil and religious liberty, which form the basis whereon these republics, their laws and constitutions, are erected; to fix and establish those principles as the basis of all laws, constitutions, and governments, which forever hereafter shall be formed in the said territory; to provide, also, for the

establishment of States, and permanent government therein, and for their admission to a share in the Federal councils on an equal footing with the original States, at as early periods as may be consistent with the general interest:

SEC. 14. It is hereby ordained and declared, by the authority aforesaid, that the following articles shall be considered as articles of compact, between the original States and the people and States in the said territory, and forever remain unalterable, unless by common consent, to wit:

ARTICLE I.

No person, demeaning himself in a peaceable and orderly manner, shall ever be molested on account of his mode of worship, or religious sentiments, in the said territory.

ARTICLE II.

The inhabitants of the said territory shall always be entitled to the benefits of the writs of *habeas corpus*, and of the trial by jury; of a proportionate representation of the people in the legislature, and of judicial proceedings according to the course of the common law. All persons shall be bailable, unless for capital offences, where the proof shall be evident, or the presumption great. All fines shall be moderate; and no cruel or unusual punishments shall be inflicted. No man shall be deprived of his liberty or property, but by the judgment of his peers, or the law of the land, and should the public exigencies make it necessary, for the common preservation, to take any person's property, or to demand his particular services, full compensation shall be made for the same. And, in the just preservation of rights and property, it is understood and declared, that no law ought ever to be made or have force in the said territory, that shall, in any manner whatever, interfere with or affect private contracts, or engagements, *bona fide*, and without fraud previously formed.

ARTICLE III.

Religion, morality, and knowledge being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged. The utmost good faith shall always be observed towards the Indians; their lands and property shall never be taken from them without their consent; and in their property, rights, and liberty they never shall be invaded or disturbed, unless in just and lawful wars authorized by Congress; but laws founded in justice and humanity shall, from time to time, be made, for preventing wrongs being done to them, and for preserving peace and friendship with them.

ARTICLE IV.

The said territory, and the States which may be formed therein, shall forever remain a part of this confederacy of the United States of America, subject to the Articles of Confederation, and to such alterations therein as shall be constitutionally made; and to all the acts and ordinances of the United States in Congress assembled, conformable thereto. The inhabitants and settlers in the said territory shall be sub-

ect to pay a part of the Federal debts, contracted, or to be contracted, and a proportional part of the expenses of government to be apportioned on them by Congress, according to the same common rule and measure by which apportionments thereof shall be made on the other States; and the taxes for paying their proportion shall be laid and levied by the authority and direction of the legislatures of the district, or districts, or new States, as in the original States, with in the time agreed upon by the United States in Congress assembled. The legislatures of those districts, or new States, shall never interfere with the primary disposal of the soil by the United States in Congress assembled, nor with any regulations Congress may find necessary for securing the title in such soil to the *bona-fide* purchasers. No tax shall be imposed on lands the property of the United States; and in no case shall non-resident proprietors be taxed higher than residents. The navigable waters leading into the Mississippi and Saint Lawrence, and the carrying places between the same, shall be common highways, and forever free, as well to the inhabitants of the said territory as to the citizens of the United States, and those of any other States that may be admitted into the confederacy, without any tax, impost, or duty therefor.

ARTICLE V.

There shall be formed in the said territory not less than three nor more than five States; and the boundaries of the States, as soon as Virginia shall alter her act of cession and consent to the same, shall become fixed and established as follows, to wit: The western State, in the said territory, shall be bounded by the Mississippi, the Ohio, and the Wabash Rivers; a direct line drawn from the Wabash and Post Vincents, due north, to the territorial line between the United States and Canada; and by the said territorial line to the Lake of the Woods and Mississippi. The middle State shall be bounded by the said direct line, the Wabash from Post Vincents to the Ohio, by the Ohio, by a direct line drawn due north from the mouth of the Great Miami to the said territorial line, and by the said territorial line. The eastern State shall be bounded by the last-mentioned direct line, the Ohio, the Pennsylvania, and the said territorial line: *Provided, however,* And it is further understood and declared, that the boundaries of these three States shall be subject so far to be altered, that, if Congress shall hereafter find it expedient, they shall have authority to form one or two States in that part of the said territory which lies north of an east and west line drawn through the southerly bend or extreme of Lake Michigan. And whenever any of the said States shall have sixty thousand free inhabitants therein, such State shall be admitted, by its delegates, into the Congress of the United States, on an equal footing with the original States, in all respects whatever; and shall be at liberty to form a permanent constitution and State government: *Provided,* The constitution and government, so to be formed, shall be republican, and in conformity to the principles contained in these articles, and, so far as it can be consistent with the general interest of the confederacy, such admission shall be allowed at an earlier period, and when there may be a less number of free inhabitants in the State than sixty thousand.

ARTICLE VI.

There shall be neither slavery nor involuntary servitude in the said territory, otherwise than in the punishment of crimes, whereof the

party shall have been duly convicted: *Provided always*, That any person escaping into the same, from whom labor or service is lawfully claimed in any one of the original States, such fugitive may be lawfully reclaimed, and conveyed to the person claiming his or her labor or service as aforesaid.

Be it ordained by the authority aforesaid, That the resolutions of the 23d of April, 1784, relative to the subject of this ordinance, be, and the same are hereby, repealed, and declared null and void.

Done by the United States, in Congress assembled, the 13th day of July, in the year of our Lord 1787, and of their sovereignty and independence the twelfth.

¹ Arthur St. Clair, of Pennsylvania, was governor of the North-west Territory, of which Ohio was a part, from July 13, 1788, when the first civil government was established in the Territory, until about the close of the year 1802, when he was removed by the president.

² Secretary of the Territory, and was acting governor of the Territory after the removal of Governor St. Clair.

³ Resigned March 3, 1807, to accept the office of United States Senator.

⁴ Return Jonathan Meigs was elected governor on the second Tuesday of October, 1807, over Nathaniel Marsie, who contested the election of Meigs on the ground "that he had not been a resident of this State for four years next preceding the election as required by the Constitution," and the General Assembly, in joint convention, decided that he was not eligible. The office was not given to Marsie, nor does it appear from the records that he claimed it, but Thomas Kirker, acting governor, continued to discharge the duties of the office until December 12, 1808, when Samuel Huntington was inaugurated, he having been elected on the second Tuesday of October in that year.

⁵ Resigned March 25, 1814, to accept the office of Postmaster-General of the United States.

⁶ Resigned January 4, 1822, to accept the office of United States Senator.

⁷ Resigned April 13, 1844, to accept the office of Minister to Mexico.

⁸ The result of the election in 1848 was not finally determined in joint convention of the two houses of the General Assembly until January 19, 1849, and the inauguration did not take place until the 22d of that month.

⁹ Resigned July 15, 1858, to accept the office of Consul to Valparaiso.

¹⁰ Elected in October, 1853, for the regular term, to commence on the second Monday of January, 1854.

¹¹ Died August 29, 1866.

¹ Appointed by the Governor, in place of Silas H. Wright, deceased.² The matter is in dispute as to whether the term of this Judge will expire on the first day of February or first day of May, 1888. Attorney-Generals Isaiah Pillars and George K. Nash are said to have given conflicting opinions in regard to it, and the question is now again before the Attorney-General for his opinion. Judge John H. Ridgely, of Tiffin, was elected November 8, 1887, for a term of five years, to succeed Judge Dodge, on whichever one of the dates herein first above-named is finally agreed upon as the correct one for the expiration of the latter's term.

STATE ELECTION OF 1888.

The next State election will be held on Tuesday, November 6, 1888. At this time there will be elected a Secretary of State, Judge of Supreme Court, Member of the Board of Public Works, Representatives to Congress, Judges of the Circuit and Common Pleas Courts, and county officers.

THE PRESIDENTIAL ELECTION OF 1888.*

The next Presidential election will take place on Tuesday, November 6, of the present year.

The nominating conventions of two of the political parties have already (January 1, 1888) been called. The National Convention of the Prohibition party will meet at Indianapolis, Ind., on Wednesday, June 6, and the Republican National Convention will meet at Chicago, Ill., on Tuesday, June 19.

The President and Vice-President of the United States are chosen by officials termed "Electors" in each State, who are, under existing State laws, chosen by the qualified voters thereof by ballot, on the first Tuesday after the first Monday of November in every fourth year preceding the year in which the Presidential term expires.

The Constitution of the United States prescribes that each State shall "appoint," in such manner as the Legislature thereof may direct, a number of electors equal to the whole number of Senators and Representatives to which the State may be entitled in Congress; but no Senator or Representative or person holding an office of trust or profit under the United States shall be an elector. The Constitution requires that the day when electors are chosen shall be the same throughout the United States. At the beginning of our Government most of the electors were chosen by the Legislatures of their respective States, the people having no direct participation in their choice; and one State, South Carolina, continued that practice down to the breaking out of the Civil War. But in all the States now the Presidential electors are, under the direction of State laws, chosen by the people.

The manner in which the chosen electors meet and ballot for a President and Vice-President of the United States is provided for in Article XII, of the Constitution, and is as follows:

The electors shall meet in their respective States, and vote by ballot for President and Vice President, one of whom, at least, shall not be an inhabitant of the same State with themselves, they shall name in their ballots the person voted for as President, and in distinct ballots the person voted for as Vice President, and they shall make distinct lists of all persons voted for as President, and of all persons voted for as Vice President, and of the number of votes for each, which lists they shall sign and certify, and transmit, sealed, to the seat of Government of the United States, directed to the President of the Senate.

The same article then prescribes the mode in which the Congress shall count the ballots of the electors, and announce the result thereof, which is as follows:

The President of the Senate shall, in the presence of the Senate and House of Representatives, open all the certificates, and the votes shall then be counted, the person having the greatest number of votes for President shall be President, if such number be a majority of the whole number of electors appointed; and if no person have such majority, then from the persons having the highest numbers

not exceeding three, on the list of those voted for as President the House of Representatives shall choose immediately, by ballot, the President. But in choosing the President, the votes shall be taken by States, the representation from each State having one vote, a quorum for this purpose shall consist of a member or members from two-thirds of the States, and a majority of all the States shall be necessary to a choice. And if the House of Representatives shall not choose a President, whenever the right of choice shall devolve upon them, before the fourth day of March next following, then the Vice-President shall act as President, as in the case of the death or other constitutional disability of the President. The person having the greatest number of votes as Vice-President shall be the Vice-President, if such number be a majority of the whole number of electors appointed, and if no person have a majority, then from the two highest numbers on the list the Senate shall choose the Vice-President: a quorum for the purpose shall consist of two-thirds of the whole number of Senators, and a majority of the whole number shall be necessary to a choice.

The procedure of the two houses, in case the returns of the election of electors from any State are disputed, is provided in the "Electoral Count" act, passed by the Forty-ninth Congress.

The Constitution also defines who is eligible for President of the United States, as follows:

No person except a natural-born citizen or a citizen of the United States at the time of the adoption of this Constitution shall be eligible to the office of President: neither shall any person be eligible to that office who shall not have attained to the age of 35 years.

The qualifications for Vice-President are the same.

The "Electoral Count" act directs that the Presidential electors shall meet and give their votes on the second Monday in January next following their election. It fixes the time when Congress shall be in session to count the ballots as the second Wednesday in February succeeding the meeting of the electors.

The Presidential succession is fixed by chapter 4 of the acts of the Forty-ninth Congress, first session. In case of the removal, death, resignation, or inability of both the President and Vice-President, then the Secretary of State shall act as President until the disability of the President or Vice-President is removed or a President is elected. If there be no Secretary of State, then the Secretary of the Treasury will act; and the remainder of the order of succession is: The Secretary of War, Attorney-General, Postmaster-General, Secretary of the Navy, and Secretary of the Interior. The acting President must, upon taking office, convene Congress, if not at the time in session, in extraordinary session, giving twenty days' notice.

Bark and roots medicinal.

3. *MAGNOLIA ACUMINATA*. *Linnaeus*. Cucumber Tree, Mountain Laurel, Mountain Magnolia. "This tree is found rather abundantly in the southeastern half of the State, and in the coal measures, but may be cultivated on the limestone soils. Its large heart-shaped leaves make it ornamental, and the pods, from the split cells of which the crimson seeds protrude and are suspended by a slender thread, render this tree attractive."—Dr. Warder.) It grows straight and reaches its greatest development on the slopes of the Southern Allegheny mountains, where it attains a height of 60 to 80 feet, and 4 to 5 feet in diameter.

This is one of our grandest forest-trees, sometimes attaining a height of 140 feet, and a diameter of nine feet. The foliage is handsome, the flowers tulip-form and richly colored. Cultivated in the open spaces of a park the trees assume a beautiful form, regularly conical. In the forest it attains great age, weathering centuries, where it has its highest value for lumber that is applied to many uses. The boards have the reputation of possessing unusual resonance, and have been used to line the great music hall of Cincinnati. Formerly it was much used for the finishing of houses, before the railroads and canals furnished transportation for the white pine lumber."

The male flowers have a disagreeable odor, which unfit it is not the case with the fruit-bearing tree, which is quite agreeable. The wood furnishes good fuel (equal to hickory). It has a waxen, is close and fine-grained, making good fuel.

"The *Ailanthus* is a large tree, sometimes four feet in diameter, hard, close grained, heavy wood, supplying valuable material and fuel of better quality than the White Oak. In consideration of the value of this tree, Dr. J. A. Warder suggested that Ohio might offer premiums for its successful cultivation.

There is no doubt but that the raising of this tree, on a large scale, would be a paying enterprise.

63. *FRAXINUS PUBESCENS*. *Lamark*. Red Ash. Less common in Summit county (Newb.); it prefers, like the white ash, a rich soil, reaches a height of about 70 feet, with a trunk 1 to 2 feet in diameter.

"The number of this species," says Dr. John A. Warder, "is not distinguished from that of the White Ash, though generally called Gray Ash by the woodmen, who claim that it is tough and has less strength than the other species. It is believed, however, that this condition depends rather upon the age of the plant, and to be found in old-trees of either kind."

67 *FRAXINUS EXCELSIOR*. *Forsk.* Common Ash. Introduced from Europe. A tree 60 to 100 feet high, with about 2 feet in diameter, has been much planted in streets and parks, and though highly esteemed in Europe for its excellent timber, and its bark for tanning, it is in no way superior to our native species. Some of its varieties are very ornamental, the most remarkable of which are probably the varieties *aurea* (Golden Barked Ash) and *aurea pendula* (Golden Barked Weeping Ash); both are particularly conspicuous in winter on account of the color of the bark, which is as yellow as gold. Another noteworthy variety of this species is the *Fraxinus excelsior pendula*, which is one of the finest lawn and arbor trees. All of these are cultivated in this country, but are rare in Ohio.

68 *CHIONANTHUS VIRGINICA*. *Link.* Fringe tree, Old Man's beard. Indigenous in southern Ohio, but cultivated in all parts of the State. A small tree, 16 to 30 feet in height, with a trunk 6 to 8 inches in diameter.

Young shoots retain the green bark, which, and highly aromatic, owing to the presence of a substance resinous in the prairies and barrens of Ohio the tree is generally small, but by fires in the early settlement of the country. A large tree has been recently measured by Mr. W. Bean, with the following of trunk, 1 foot from the ground, 10 feet 2 inches; at 6 feet 50 feet."

Generally it attains a height of from 40 to 50 feet, with diameter.

Census Report says of this tree that it reaches a height of 24 to 30 or exceptionally 39 meters, to which Prof Sargent remarks: "Differences in the size and habits of individuals of this species, thus enlarged, seem to be dependent upon soil and climate, numerous intermediate forms connecting the extremes of eastern Massachusetts and the Mississippi Valley."

A tree from 80 to 100 and more feet high, with a trunk 3 to 6 feet in diameter. On dry, sandy soil, less common in rich, deep soil; found in oak openings in northwestern Ohio.

Wood heavy, hard, strong, coarse grained; layers of annual growth marked by several rows of large open ducts; medullary rays numerous; color, light brown or red, the sap-wood rather darker; specific gravity, 0.49; not much used except for fuel.

NOTE.—This beautiful tree was Dr. Warder's favorite. It gave the name to that part of Clifton near Cincinnati, where Mr. Schoenberg's house now stands. Dr. Warder. The Warder family tree at North Bend, is a Scarlet Oak. It is now in Spring Grove Cemetery. When in 1844, on Ohio's third Forestry Association, planted FORESTERS GROVE in memory of J. A. Warder, first tree planted was a "Scarlet Oak, in honor and memory of Dr. Warder, father of American Forestry." And on that memorable occasion the Foresters Association named it "Warder's Oak." (A. 102. *QUERCUS NIGRA*. *Linnaeus*. Black Jack, *Bartram* (Oak).

A small tree, not very abundant, found on dry barren heavy clay soils. It reaches a height of 40 to 50 feet, rarely 60 feet, with a trunk of 1½ to 2 feet in diameter.

Wood heavy, hard, strong, checking badly in drying; layers of annual growth marked by several rows of large open ducts; medullary rays numerous; color, rather dark rich brown, the sap-wood much lighter; specific gravity, 1.16. Of little value, except as fuel.

103. *QUERCUS PALUSTRIS*. *Du Roi*. Pin Oak, *Swamp* (Oak).

Generally distributed on low lands, with a wet clay bottom. The branches are at a right angle, and when the trees are not crowded the leaves are at a right angle. As the stem increases these are covered, but as the branches decay, and turning black they resemble iron pins* in the log. It is hard to split, and the wood is inferior, even for fuel. As a separate planting in parks, the pin oak has few superiors, on account of its glossy and deeply-cut foliage, and for the rich tints the leaves assume in autumn. (Dr. J. A. Warder). Tree, 70 to 80 feet high, with a trunk of 1½ to 2 feet in diameter.

Wood heavy, hard, very strong, coarse-grained, inclined to warp; layers of annual growth, marked by several rows of large open ducts; medullary rays broad, numerous, conspicuous; color, light brown or red, the sap-wood darker; specific gravity, 0.6938; ash, 0.81. ¹ Returns incomplete. There were probably 5,000 miles of single track in the State in 1879.

² This mileage is complete and accurate for the State—except it does not include private side tracks—and the increase in mileage is due almost entirely to incomplete reports previous to 1886.

REPORT OF THE OHIO BOARD OF PHARMACY.

CHILLICOTHE, OHIO, November 14, 1887.

Hon. J. S. ROBINSON, *Secretary of State*:

SIR: In accordance with the provisions of the statute, I hereby submit, on behalf of the Ohio Board of Pharmacy, the fourth annual report of the labors of said Board, ending with November 15, 1887.

In March, 1887, Governor Foraker appointed Wm. R. Ogier to membership on the Board made vacant by expiration of the term of service of Phillip H. Bruck April 1, 1887. Since which time the Board has been composed of the following persons:

| | |
|-------------------------------|------------------------------|
| Wm. R. Ogier, of Columbus; | E. M. Hatton, of Zanesville; |
| F. T. Bower, of Toledo; | John Weyer, of Cincinnati; |
| J. A. Nipgen, of Chillicothe. | |

At a meeting held April 1, 1887, the Board was reorganized by the election of the following officers:

E. M. Hatton, President.
 F. T. Bower, Vice-President.
 J. A. Nipgen, Secretary and Treasurer.

The pharmacy law of the State became operative in 1884, and by its provisions all persons then engaged in the practice of pharmacy who complied with the provisions of section 4,407, were made recipients of certificates of registration without examination. All certificates issued by this Board being renewable, with certain limitations, at the expiration of three years, the labor devolving upon the Board in the reissue of certificates and the re-registration of the majority of the pharmacists and assistant pharmacists of the State has been, during the current year, very great.

The following exhibit is submitted:

At the recent session of the General Assembly an amendm
 law was enacted, making it the duty of the Board of Pharmacy

It is the humble opinion of the members of this Board, bas
